

# JAP INDUSTRIALISTS BLAME MILITARISTS

## Army Discharges Being Speeded up Congress is Told

Navy Asks That Part of Pearl Harbor Report About Jap Code Not Be Revealed—Surplus Property Disposal Soon To Be One-Man Job—Some Lawmakers Still Irked By Progress of Demobilization

By MAX HALL

WASHINGTON, Sept. 13.—(AP)—The Army told senators it expects to be discharging 800,000 men a month by December 1.

The Navy asked Congress again—please—not to reveal part of the Pearl Harbor story, the part about the Japanese code.

Congress listened to the Army and Navy—with mixed feelings.

That was the situation on Capitol Hill today, along with congressional news about surplus property . . . Standard Time . . . government corporations . . . airports . . . unemployment pay . . . and the Japanese Black Dragon Society.

### Meandering Along the Main Stem

By WASH FAYETTE

Garrett Ramey, head of the Try-Me Taxi service here, believes that \$5 worth of red fox bounty got away Tuesday night, at his home on the Jamestown Road.

Around the midnight hour it seems that he was aroused by a noise among his chickens, and switching on a light in the poultry yard, he saw what appeared to be a big red fox bounding away.

I read with much interest an editorial in a recent issue of the News Sentinel, of Knoxville, Tenn., under the heading "The Worm Turns," and it sizes up the situation complained of in a very thorough manner, and all who have had occasion to patronize the larger hotels in recent years can fully appreciate it.

Here is the editorial: "So the Army is turning back hotels for civilian use. And the hotel men are saying 'pretty soon now.' Well, just a moment, gentlemen, just a moment. A couple million of us have been jolting down a few reminders for this opportunity.

"Next time we register we'd like a clerk with a little affability, please, and not too much of the nostril tossing. We'd prefer elevators that run after we've punched the button a reasonable time. We wouldn't mind parting with the lint under the desk and we'd be childishly delighted with window panes we could see through. We'd enjoy pillow cases at least by bedtime without having to wait an hour or so until somebody, jocularly designed as 'maid,' shows up—still without pillow cases.

"We suggest an eye examination for the waiter who for three years has fixed his stare just six inches above our furnished face and has managed to focus on us only at tip time. And we'd be refreshed by the feeling that we were buying and paying for our accommodations, not receiving a curt favor.

"We didn't complain during the emergency; for we haven't had enough help at our place either. But from now on it won't take much to turn every one of us into an old crosspatch."

I might also add that a general raid should be made by many hotels that consider themselves top-notch in eliminating cockroaches from bathrooms, and the practice of maids and other help omitting guestroom supplies in order to obtain a tip when they are requested, is also getting to be tiresome.

### CLAIMS BY JOBLESS CLIMB IN AUGUST

COLUMBUS, Sept. 13.—(AP)—Claims for jobless benefits during August set the fourth highest monthly record in the State Bureau of Unemployment Compensation but the September total will go higher, BUC Administrator Charles H. Jones reported today.

New claims received last month numbered 33,673, compared with 29,777 in July. About 90 percent of new claims during August were filed after the Japanese surrender, Jones said.

The BUC high month was January, 1939, with 120,923 new claims. Benefit payment during August totaled \$311,939, an increase of 71 percent over July.

## HERO WELCOME TO WAINWRIGHT FROM NEW YORK

Hero of Bataan Cheered by Thousands in Parade in Shower of Paper

NEW YORK, Sept. 13.—(AP)—A 17-gun salute touched off a hero's welcome from New York's cheering millions today for Gen. Jonathan M. Wainwright, defender of Corregidor and Bataan.

The salute rolled out as a C-54 Air Transport Command plane, bringing the four-star general and a party of 11 from Washington, taxied to a stop at La Guardia Field at 11:02 A. M. (EWT).

Gen. Wainwright, with Mrs. Wainwright at his side, was greeted by Mayor F. H. La Guardia, Col. Eugene F. Gillespie, head of the ATC installation at the airport, and other members of the city's official reception committee.

With more than 30,000 spectators gathered around the Administration building, the 62-year-old general's first official act was to review an army honor guard of 200 men.

Then, carrying a cane, he walked with jaunty step to the head car of a 20-car motorcade for a triumphal journey along flag-decked streets to City Hall, then on to the Waldorf-Astoria Hotel where he will be guest of honor at a dinner tonight.

The throngs at the airport cheered and waved handkerchiefs as Gen. Wainwright entered the wait-

## RELIGIOUS TEACHING OPPOSED BY MOTHER

Asks Court To Separate Church and State

URBANA, Ill., Sept. 13.—(AP)—Mrs. Vashiti McCollum, atheist wife of a University of Illinois professor and petitioner in a mandamus suit against the Champaign (Ill.) school board to ban non-sectarian, voluntary religious education in the city's schools, says she is "opposed to anything contrary to the founding fathers' idea of a separate church and state."

The 32 year old mother of three young boys testified yesterday before a three-judge circuit court presiding without a jury that she never was a member of any group opposed to religion but that she did not want her children, specifically her eldest son, James Terry 10, from being indoctrinated while he was young.

## NAZI DAMAGE TO RUSSIA RUNS INTO BILLIONS

MOSCOW, Sept. 13.—(AP)—A state commission reported today that incomplete data showed German damage against the Soviet Union during the war was \$108,640,000,000.

The Germans destroyed or partly destroyed 1,700 towns, upwards of 70,000 villages, 6,000,000 buildings and deprived 25,000,000 persons of roofs over their heads in a territory inhabited by 85,000,000 persons, the report said.

## COAL PRODUCTION DOWN

COLUMBUS, Sept. 13.—(AP)—Ohio coal production through June of 1945 was half a million tons below the first six months of 1944 but output now is on the increase, the State Industrial Relations Department reported today.

## Prisoner Expresses Moods in Verse

Published Only in His Memory Book It Reflects Humor, Homesickness and Sentiment

By HAL BOYLE

YOKOSUKA NAVAL BASE, Japan.—(AP)—Oscar, the marine poet laureate of Ashiro prison camp, was alternately humorous, cynical, sentimental and homesick in his verse.

His poetry, whose only published outlet so far is a memory book kept by Oscar during two and half years in prison camp, reflects the mental attitudes and prevailing moods of his fellow prisoners.

Oscar comes from a small town and served six years in the mar-

ines. I can't give his full name until the navy forwards word to his next of kin that he is alive, free and well. His most romantic poem is only six lines long: "Picture a sunset in a setting of blue, "Picture a rose petal covered with dew, "And you have a picture, "Of the beauty that lies "In the unfathomed depths "Of my loved one's eyes."

True to poetic tradition, Oscar didn't give away the lady's name. One of his more philosophic

## Farm Price Battle Takes Form

WASHINGTON, Sept. 13.—(AP)—Two major farm organizations are getting set for a possible battle over government farm price policies and subsidies.

They are the American Farm Bureau Federation and the National Grange.

Both have gone to work in an effort to head off suggestions that in the future government programs designed to support farm prices at so-called "equitable" levels be abandoned in favor of subsidies.

A special committee of the Farm Bureau, has arranged to discuss the matter with Secretary of Agriculture Anderson September 24.

Both the Farm Bureau and the Grange favor programs design-

ed to assure farmers a "just" price at the market place. Both oppose the idea of permitting farm prices to fall below the 90 percent parity level at which the government is committed to support most farm commodities for two years after the war has been declared officially at an end.

Anderson has not indicated publicly what his price policies will be.

Officials of the grange took the matter to President Truman yesterday. They said they told the President their organization would resist the Byrnes-Vinson suggestion.

Mr. Truman gave "very sympathetic consideration" to the Grange viewpoint, Grange officials said.

## RADIOS RESUME DESPITE STRIKE

Idle Engineers' Jobs Filled by Others in Emergency

NEW YORK, Sept. 13.—(AP)—The American and National Broadcasting companies returned to the air at 8 A. M. (EWT) today, their regular opening time, but engineers who walked out yesterday remained away from their jobs.

Engineering executives and some radio announcers and producers turned technicians to put the networks on the air.

NBC and ABC reported no program cancellations today, but NBC said its World-Wide News Round-up going on at 8 A. M. (EWT) was forced to omit Washington and the Pacific from points usually reporting. That left only London and New York, NBC said.

Among programs cancelled yesterday were Raymond Gram Swing's News broadcast, "Counter-spy" and "The Lone Ranger."

## RATIONING OF SHOES MAY END OCT. 1

WASHINGTON, Sept. 13.—(AP)—Shoe rationing may end October 1. It will if top officials of the War Production Board follow recommendations of the Agency's Leather Bureau. It's the job of that bureau to know the shoe situation thoroughly.

A decision will be made in the next week or so, after conferences between WPB Chairman J. A. Krug and OPA Administrator Chester Bowles.

Both OPA and WPB have indicated that when shoe output reaches the rate of 30,000,000 pairs a month, rationing can be ended.

## REFUNDS IN INCOME TAX STILL DUE ARE DELAYED

WASHINGTON, Sept. 13.—(AP)—The Internal Revenue Bureau estimated today a "few hundred thousand" 1944 income tax refunds haven't been made. It's possible many will not be paid for some time.

If a taxpayer has not received his refund by Saturday the Bureau advises him to write to the Internal Revenue collector of his district. The collector will check the post office and the general accounting office and tell the taxpayer where he stands.

## 1942 PRICES TO COME DESPITE IRATE DEALERS

WASHINGTON, Sept. 13.—(AP)—Despite angry dealer protests, OPA is going ahead with its announced plan for putting new consumer goods on the market at 1942 retail prices.

The agency has decided to turn down an appeal by a delegation of retailers for abandonment of its sharply disputed cost absorption policy.

## Tojo Now Wants To Live; More Suicides Expected

Hideki Tojo is given American blood to save him for trial as a war criminal after he bungled an attempt to escape punishment by conquerors of his military machine. The bullet hole in his chest is shown plainly in the photo above.

FIELD MARSHAL GEN. SU-GIYAMA, top military advisor to the emperor of Japan since February, 1944, and former commander-in-chief of all Jap forces in the homeland, has committed suicide by shooting himself. (International)

## NEW SECRET PLANE DEVELOPED IN OHIO

Never Used in War, But Was Better Than Jet Planes

AKRON, Sept. 13.—(AP)—A taste of medicine the Japs didn't get—a new fighter plane with a rate of climb half again as fast as the latest developed jet planes—was being produced under strictest military secrecy by The Goodyear Aircraft Corp. as the war ended.

The navy authorized announcement of the new ship today. H. E. Blythe, vice president and general manager, said limited production of the new plane would be continued for the navy. Several of the new fighters maneuvered in the skies today in view of some 5000 employees still on the payroll since V-J Day.

## NEW YACHT FOR TRUMAN

WASHINGTON, Sept. 13.—(AP)—President Truman is going to have a new yacht—the 245-foot offshore cruising yacht Williamsburg, which was converted to a gunboat in 1941 for war service.

## LUMBER CONTROL TO END

WASHINGTON, Sept. 13.—(AP)—Controls over the distribution of lumber will end September 30, the War Production Board has announced.

(Distributed by King Features Syndicate. Reproduction in whole or in part strictly prohibited.)

## Shorter Federal Workweek Proposed When Production And Employment Needed

WASHINGTON, Sept. 13.—(AP)—The foolishness is starting up again, Nevada's Senator McCarran has introduced a bill, and California's Downey is promoting it, to reduce the federal payroll sitters work-week to 30 hours—5 hours a day, 6 days a week—a sort of WPA without shovels. Mr. Truman reduced it from 48 to 40 hours at the war's end and now the new dealers senators are trying to drop it to 30, with the usual hour or so for lunch, no doubt and 30 days vacation with pay and 30 days sick leave (usable for headaches or whims.)

This would make a federal job so nice, you would hardly have to go to work at all. The payroll sitters naturally look kindly upon Senators McCarran and Downey and say: "They are great humanitarians; they have the interest of the common people at heart," and the objects of this adulation naturally are swelling their chests at the good work they are doing, realizing how superior are their emotions toward the common man. Thus the racket is starting all over again.

Humanitarians, eh? Listen! Behind this proposal is the over-demand condition of the (Please Turn to Page Six)

## Farm Called Foundation Of National Prosperity

COLUMBUS, O., Sept. 13.—(AP)—Ohio industry was urged today to back a state prosperity program recognizing that improving payrolls were geared to factory farming.

"Prosperity does not begin with payrolls of the factory—it begins with products from the land that make those payrolls possible," Louis Bromfield, author-farmer, of Mansfield, asserted.

Bromfield addressed a meeting here yesterday of the Ohio Association of Trade Executives, composed of secretaries of various industrial and trade organizations.

He spoke in support of a program expounded by H. A. Lyon of Detroit who said business in-

## JAP ROUND-UP TAKES NEW TURN

People Given Authority To Bring in War Criminals

By the Associated Press

Japan abolished her Imperial headquarters, fountainhead of her militarism, under General MacArthur's orders today and began the job of rounding up her own war criminals as Gen. Hideki Tojo, No. 1 on the "wanted" list, showed definite improvement from his suicide attempt two days ago.

The eighth army granted the Japanese government's request that it be permitted to take into custody the war leaders listed by General MacArthur for possible war criminal trials, but indicated there had better be action within two days.

Gen. Hideki Tojo, like the Japan he embarked upon a disastrous war, looked hopefully toward recovery from a grievous wound.

The former premier, who spilled his own blood two days ago with an American pistol to avoid arrest as a suspected war criminal, shook off his earlier, professed desire to die as transfused American blood improved his condition.

Japan's peacetime cabinet met, meanwhile, to see whether its own skirts were clean of war guilt. Among other things Tojo carefully withheld confirmation of envoy Saburo Kurosu's recent statement that Kurosu had been kept in ignorance of the coming Pearl Harbor attack while negotiating in Washington.

Doctors termed the glassy-eyed Tojo's condition "quite satisfactory."

Occupation Progress Occupation went forward peacefully, and MacArthur informed the Japanese government today (Please Turn to Page Two)

## UNIFORM PENALTIES FOR SPEEDING URGED

Highway Patrol Cooperates In Traffic Campaign

COLUMBUS, Sept. 13.—(AP)—A campaign against speeding and reckless driving is underway today with a proposal by traffic enforcement officials for greater uniformity in traffic penalties assessed by Ohio courts.

Col. George Mingle, superintendent of the State Highway Patrol, told a conference here yesterday that unless the court is a court of record, licenses can not be revoked. Thus licenses are revoked for certain offenses by one court, but similar offenders are allowed by other courts to continue driving.

He said fines in Ohio's courts range from \$11 to \$47.50 and costs from \$2.26 to \$7.09.

## FEDERAL ROAD AID IS EXPECTED SOON

COLUMBUS, Sept. 13.—(AP)—Highway Director Perry T. Ford said today he expected passage of a joint congressional resolution to release 20 million dollars in federal aid funds to Ohio immediately would force the state to get 40 million dollars in post-war highway projects underway by next June 30, instead of a year later.

He called all department engineers and their staffs to meet here next Monday and said engineers of all 88 counties also would be asked to meet at an early date to help plan their participation.

## AIR ASSAULTS CREDITED WITH JAPAN'S DEFEAT

Industry Is Paralyzed and Starvation Imminent, They Now Admit

By RUSSELL BRINES

TOKYO, Sept. 13.—(AP)—Japan was beaten to her knees before surrender by the American "aerial invasion" which paralyzed industry so that 7,000,000 Japanese probably would have starved to death if the war had continued another year.

This was reported by seven prominent industrialists at a press conference.

Adm. Nimitz Differs However, on Guam, Adm. Nimitz declared the Japanese are busily telling Americans what they think Americans want to hear, and therefore their statements should be taken with "a grain of salt," with particular reference to Japanese assertions that airpower alone won the war.

"I think our people should not be thrown off base by accepting that," the fleet admiral asserted. "Airpower was the spearhead and the sharp edge of the cutting knife but the rest of the knife was there too, and seapower brought it there."

Industrialists' View

The Jap industrialists said American air raids decided the outcome of the war and that Japan was defeated before the first atomic bomb was dropped. Only the militarists and industrialists, however, knew they had been beaten. The former wouldn't admit it and "we industrialists were too cowardly to speak out."

Ryoza Asano, president of the Japan Steel Tube Co., Ltd., disclosed mines strewn by Superforts were highly successful in the blockade. He said ship losses in June and July, 1945, proportionately were one vessel sunk by submarines to six by bombing and 12 by mines. The mines finally severed Japan's contact with the continent.

Resultant shortages of coal, oil, salt and food contributed to paralyzing of industry so completely that industrialists indirectly informed the militarists shortly before the surrender that industry could not continue.

The industrialists estimated 10 percent of the population would have starved if the war continued another year.

They estimated that food production within the home islands will be approximately 12,000,000 koku (2,000,000 tons) short of the 84,000,000 koku estimated requirement for next year.

In addition, Japan never was self sufficient, Asano said. Unless food and unemployment problems are settled, there will be "much unrest," he added. He predicted 8,000,000 unemployed against a normal "negligible total."

Asano said no major industrialist supported the militarists in precipitating the war, but that all were silenced against opposing it.

Militarists Blamed

Prince Fumimaro Konoye, Japanese vice premier, declared today that he had tried in the summer of 1941 to meet President Roosevelt and avert the war but his proposal failed partly through militarist opposition and partly because the Japanese government was regarded internationally as a liar.

"The Japanese government long has had a reputation abroad as liars," he explained, "because they were unable to control Japan."

## FEDERAL ROAD AID IS EXPECTED SOON

COLUMBUS, Sept. 13.—(AP)—Highway Director Perry T. Ford said today he expected passage of a joint congressional resolution to release 20 million dollars in federal aid funds to Ohio immediately would force the state to get 40 million dollars in post-war highway projects underway by next June 30, instead of a year later.

He called all department engineers and their staffs to meet here next Monday and said engineers of all 88 counties also would be asked to meet at an early date to help plan their participation.

# 15 PRIORITIES FOR HOUSES ARE GRANTED HERE

Non-defense Dwelling Units Given Green Light By FHA

Construction of 15 dwelling units in Washington C. H. has a National Housing Administration green light today.

A. L. Guckert, district director of the Federal Housing Administration in Columbus, made the announcement Thursday. The granting of the priorities here was made possible largely by the Chamber of Commerce and its executive vice president, James M. Riffe, Jr. A monumental amount of correspondence and numerous conferences were needed to bring the priorities here.

The 15 units to be constructed under the new program are limited in sales price to \$7,500 and to a \$65 monthly rental ceiling, Guckert said.

Washington C. H. was one of the first small cities in Ohio, if not the very first, to get building priorities for non-defense housing. Actually, only 30 percent of the priorities applied for were granted, Riffe said Thursday. It is the first chance old-time residents have had to build houses for their own use.

The need for permanent housing in Washington C. H. prompted Riffe to investigate the possibilities for granting of building priorities here under the H-2 program of FHA. Previously only Cleveland, Cincinnati, Columbus and Dayton had priorities under that phase of the NHA program.

Builders or individuals who are interested in getting a preference rating to build under the program may file an application in Guckert's office at 400 Old Federal Building, Columbus 15.

A sketch plan showing the floor plans and elevations clearly dimensioned and drawn to scale is required with the application, since it is the only means that the FHA office will have to determine the amount of lumber which may be approved for the house.

Houses which are to be built under the H-2 program here will be eligible for Title II FHA insured loans, Guckert said. This will include 90 percent 25 year loans on properties having a valuation of \$6,000 or less, with 80 percent mortgages being available above that amount. It also is possible for builders to secure a conditional commitment under Title II for properties built under this type of priority so that the amount of the loan can be established before the property is built, Guckert said.

## JAP INDUSTRIALISTS BLAME MILITARISTS FOR WAR LOST TO AIR RAIDS

(Continued From Page One)

Japanese militarists in the field, or often didn't know what the militarists were doing.

Konoye, premier in that fateful summer and fall, said that an argument with the then war minister Hideki Tojo over continuing

## Mainly About People

Mr. and Mrs. Chester Kelso have purchased the property of the late Dr. Meade in Sedalia, Mrs. Kelso will operate a convalescent home in part of the residence.

Miss Betty Ann Johnson, daughter of Mr. and Mrs. Edward Johnson, of Rawling Street, has accepted a position in the claims section of the Industrial Commission in the State Office Building, Columbus.

Jeri Boylan, nine-year-old daughter of Mr. and Mrs. William Boylan, is at her home today, having been brought home Wednesday from Mt. Carmel Hospital, Columbus, where she underwent an appendectomy.

Miss Janet Turner will enter the Bustin School of Beauty Culture in Columbus, Monday. She has been employed as a waitress in Maddux's restaurant. Miss Turner is the daughter of Mr. and Mrs. Walter Turner of Atlanta.

peace negotiations led to his own resignation and Tojo's climb to the premiership.

The prince, who was succeeded by Gen. Hideki Tojo as premier in October, 1941, said that the Pearl Harbor attack the following December was engineered in strictest secrecy by a small group under Tojo and that many of the military clique, all the civilians and himself were totally unaware of the attack beforehand.

The army under Tojo as war minister had approved Konoye's attempts to come to an agreement with the United States, the prince said, and Tojo as late as August had approved his plan to see President Roosevelt.

In the one-hour interview, in which I talked alone to Konoye, he said his resignation actually came about in a controversy with Tojo over whether negotiations should continue.

Asked if the special "peace en-

voy," Saburo Kurosu, had known about the Pearl Harbor attack plans before his flying trip to Washington, Konoye replied, "I was out of the government by then and have no definite information, but my belief is that Kurosu went to Washington as a gentleman and had no knowledge that an attack was imminent."

## TOJO NOW WANTS TO LIVE; MORE SUICIDES EXPECTED; JAP ROUNDUP PRESSED

(Continued From Page One)

that Gen. Walter Krueger of the Sixth Army and Vice Adm. Harry Hill, commanding the fifth amphibious force, will reach Sasebo, northwest Kyushu, Sept. 29 to prepare for troop landings there two days later.

Japan has been given authority to round up her own nationals named on General MacArthur's "wanted" list.

Officers made it clear that unless the Japanese promptly turned them over to the Allies, Americans would proceed to arrest all named on the list.

Jap Round-up Continues

As Tojo, raised to a semi-sitting position, ate his first food since his attempted suicide Tuesday, others who played major roles with him since the sneak attack on Pearl Harbor either were being rounded up or were doing a more effective job of self-elimination.

The navy minister in Tojo's infamous "Pearl Harbor cabinet," Adm. Shigetarō Shimada, surrendered quietly at his home to an American officer, saying he had contemplated suicide but changed his mind. He faces possible court martial as a war criminal.

But the man whom the Japanese war machine had planned to lead the defense of Honshu against American invasion, Field Marshal Gen. Sugiyama, killed himself with a pistol shot.

"I regret the war ended in such a way," he had told his aide, Colonel Tanaka, "and as I was in a contemplative mood I keenly feel my responsibility and am awaiting a significant opportunity to do away with myself."

One of Japan's three field marshals, and a former war minister, Sugiyama found that opportunity yesterday while his wife was killing herself at her home.

More suicides expected

More suicides were believed likely as the hunt progressed for the listed persons, including seven suspected key members of the dreaded "Black Dragon Society," which has been ordered disbanded.

Russell Brines, Associated Press correspondent, was told today by several informed persons that two of the seven men sought, Seigo Nakano and Ryōhei Uchida, were dead. The same sources said that a third, Taketora Ogata, chief secretary of the present Japanese cabinet, has no connection with the organization.

Another man high on the wanted list, Lt. Gen. Masaharu Homma suspected of responsibility in the ghastly "death march" on Bataan, fled to his ancestral home on an island off Japan's west coast.

Hara Kiri Answer

Tojo looked little like a dicta-

tor as he was interviewed. He was propped up on his bed with a folding chair and pillows behind his back. He was covered by a clean white sheet, but his feet were sticking out. He was dressed in GI pajamas many sizes too large.

Tojo said he felt much better but suffered a little pain "inside."

Maj. Elbert Elliott of Houston, Tex., said Tojo's condition was considered "quite satisfactory."

Asked why he decided to shoot himself instead of performing the traditional ceremony of hara kiri, he replied:

"While hara kiri is the traditional manner of ending your life, I feared I might miss."

He explained that the traditional ceremony calls for the performer to bring the knife up and across his stomach, and that a second person stands behind with a sword to cut off his head. He explained, he had no one to carry out the second part.

Northwest Ohio cities join for celebration

TIFFIN, Sept. 13.—(P)—Groups from ten northwest Ohio cities joined Tiffin last night in a victory day celebration which began with a military parade and was followed by a victory program on public square. Gov. Frank J. Lausche was the principal speaker.

The site of the dam in Rocky Fork Creek to provide a recreational lake of 2,000 acres in Highland County has been definitely established at a point about 500 feet upstream from McCoppin Mill, the engineering section of the Ohio Division of Conservation and Natural Resources announced Tuesday.

This site will place the dam at the extreme west end of a gorge some 100 feet wide which extends a distance of approximately six miles upstream from the mouth of Rocky Fork at its juncture with Paint Creek.

Two crews of engineers are now surveying shoreline areas of the proposed lake in preparation

## DAM SITE NEAR McCoppin Mill

Engineers Are To Build Dam Just Above Mill

The site of the dam in Rocky Fork Creek to provide a recreational lake of 2,000 acres in Highland County has been definitely established at a point about 500 feet upstream from McCoppin Mill, the engineering section of the Ohio Division of Conservation and Natural Resources announced Tuesday.

This site will place the dam at the extreme west end of a gorge some 100 feet wide which extends a distance of approximately six miles upstream from the mouth of Rocky Fork at its juncture with Paint Creek.

Two crews of engineers are now surveying shoreline areas of the proposed lake in preparation

for land purchases. The money will be available from general revenue next month, according to the provisions of the appropriations bill signed in July.

A former governor and U. S. senator, James B. Foreaker, was born at McCoppin's Mill, which is located a few miles southwest of Rainsboro.

POPE SEES GENERALS

ROME, Sept. 13.—(AP)—Pope Pius XII received Gen. Eisenhower, his son, Lt. John Eisenhower, and Gen. Mark W. Clark, U. S. commander in Austria, in a private audience today.

DISCHARGES FROM ARMY BEING SPEEDED, CONGRESS TOLD—OTHER ISSUES UP

(Continued From Page One)

2. Standard Time. The House passed a bill to turn America's clocks back one hour on September 30. The Senate is expected to do likewise.

3. Government corporations. The House passed the Whittington bill which would bring Federal corporations—like RFC and HOLC—under stricter congressional control.

4. Airports. The Senate passed a bill to put up Federal cash for a big program of airport building.

There were two congressional developments with an Oriental flavor.

Japan's Black Dragon Society came under the suspicious eye of Congress. Some members of the House Committee on un-American Activities think there might be Black Dragon operations in this country. They said the committee will find out.

Florence Nightingale was called the "angel of the Crimea."

Two crews of engineers are now surveying shoreline areas of the proposed lake in preparation

for land purchases. The money will be available from general revenue next month, according to the provisions of the appropriations bill signed in July.

A former governor and U. S. senator, James B. Foreaker, was born at McCoppin's Mill, which is located a few miles southwest of Rainsboro.

POPE SEES GENERALS

ROME, Sept. 13.—(AP)—Pope Pius XII received Gen. Eisenhower, his son, Lt. John Eisenhower, and Gen. Mark W. Clark, U. S. commander in Austria, in a private audience today.

DISCHARGES FROM ARMY BEING SPEEDED, CONGRESS TOLD—OTHER ISSUES UP

(Continued From Page One)

2. Standard Time. The House passed a bill to turn America's clocks back one hour on September 30. The Senate is expected to do likewise.

3. Government corporations. The House passed the Whittington bill which would bring Federal corporations—like RFC and HOLC—under stricter congressional control.

4. Airports. The Senate passed a bill to put up Federal cash for a big program of airport building.

There were two congressional developments with an Oriental flavor.

Japan's Black Dragon Society came under the suspicious eye of Congress. Some members of the House Committee on un-American Activities think there might be Black Dragon operations in this country. They said the committee will find out.

Florence Nightingale was called the "angel of the Crimea."

## DAM SITE NEAR McCoppin Mill

Engineers Are To Build Dam Just Above Mill

The site of the dam in Rocky Fork Creek to provide a recreational lake of 2,000 acres in Highland County has been definitely established at a point about 500 feet upstream from McCoppin Mill, the engineering section of the Ohio Division of Conservation and Natural Resources announced Tuesday.

This site will place the dam at the extreme west end of a gorge some 100 feet wide which extends a distance of approximately six miles upstream from the mouth of Rocky Fork at its juncture with Paint Creek.

Two crews of engineers are now surveying shoreline areas of the proposed lake in preparation

for land purchases. The money will be available from general revenue next month, according to the provisions of the appropriations bill signed in July.

A former governor and U. S. senator, James B. Foreaker, was born at McCoppin's Mill, which is located a few miles southwest of Rainsboro.

## WORLD TODAY

—By DEWITT MACKENZIE—

MacArthur's grist-mill is grinding finer and faster—an encouraging circumstance, since studied speed is vital.

The situation in East Asia as a whole is dangerous—and Japan is the focal point of the infection. It will require both adroit and quick handling to forestall an epidemic of discontent, and anti-western animosity, in the various countries. For while Japan is the main source of the evil which has descended upon that part of the world, yet because the Allies are now in control they will get the blame if the disorganization isn't righted speedily.

In short, the western Allies are on trial in a big way in the Orient. Anyone who has studied the Far East at first hand knows that it long has harbored much suspicion of Occidental motives. This is a mighty danger which either will be eliminated or accentuated, as Allied efforts at rehabilitation—economic, political and social—succeed or falter.

So it is good to get General MacArthur's report that the occupation of Japan is proceeding smoothly. One note in this connection that it's only a month since Tokyo surrendered—a short time to get a tight grip on a country which had some 3,000,000 crack troops still under arms, and the military elite anxious for further trouble.

While the occupation was said to be going well in the Mikado's home domains, reports from other quarters weren't so optimistic—a situation which was to be expected in view of the widespread distribution of Japanese fighting strength throughout China, Indonesia and many islands of the Pacific. The Japanese high command in China says it may take several months to repatriate the million Jap soldiers there. And Admiral Lord Louis Mountbatten says the Japs in southeast Asia "are finding it very hard to accept defeat and may try to wriggle out of the terms of surrender." He has ordered his troops to crack down on "obstinacy, impudence or non-cooperation."

Continued smooth progress in occupation of the Japanese homeland is bound to have a good effect on the Japs in other countries.

## FIVE-DAY WEEK FOR REVENUE COLLECTOR

Quarterly Income Tax Is Due by September 17

Thomas A. Gallagher, collector of internal revenue, repeated today that the collector's office is on a 40 hour and five day week and that his office is not open at all on Saturdays.

Gallagher also announced that since September 15, the due date for the quarterly income tax payment, falls on Saturday, the last day for meeting this obligation will be Monday, September 17.

## FAREWELL SERVICES HELD FOR MRS. ELIZA DeGROOT

Farewell services for Mrs. Eliza De Groot were held Wednesday at 2 P. M. at the Klever Funeral Home, in charge of Rev. George B. Parkin, who read a memoir, and the hymns "Abide With Me" and "Rock of Ages."

The services were largely attended and there were many lovely floral gifts.

Interment was made in the family lot in the Washington C. H. Cemetery.

The pallbearers were Charles and Homer Moore, Russell and Lloyd Sanderson, Clark Thompson and Carl Wilt.

## SLAUGHTERING PROGRAM HERE IS OUTLINED

Inspection In Effect Now; State Department Helped Plan It

The meat inspection program launched here by the board of health was mapped out with the cooperation of the state department of health.

The complete resolution covers every detail of the program which is effective immediately. An outline of the inspection program will show broadly the points which will be covered when the system gets underway.

The program includes: prohibition of the sale of adulterated, misbranded or uninspected meat; meat products or meat food products; condemnation of adulterated, misbranded or uninspected meat; issuance of permits for sale of meats; establishment of permit and inspection fees (\$1 annually for permits, \$1 each for inspection of cattle carcasses and 50 cents each for inspection of calf, sheep, goat or swine carcasses, provision for mileage for inspection outside the county plus a \$3.50 an hour fee); marking of carcasses;

Inspection of slaughter houses, meat markets and similar establishments; inspection of meat, meat products and meat food products; listing of requirements to be met by establishments (location, floors, walls and ceilings, doors and windows, lighting, ventilation, miscellaneous protection from contamination, toilet facilities, lavatory facilities, water supply, disposal of wastes, construction and repair of containers and equipment, cleaning and bactericidal treatment of containers and equipment, storage rooms, operations and processing, refrigeration and storage of meats, etc., and personal cleanliness);

Setting up of requirements to be met by meat markets, etc. (location, floors, walls and ceilings, doors and windows, lighting and ventilation, toilet facilities, water supply, disposal of wastes, construction of utensils and equipment, cleaning and bactericidal treatment of utensils and equipment, refrigeration, storage and display of meats, etc., personnel and cleanliness, and transportation of inspected meat.)

Notification of disease, provisions for procedure when infection is suspected and a provision covering meat beyond limits of routine inspection.

## H. G. WALN DIES WEDNESDAY NIGHT

Funeral Services Have Not Been Arranged

H. G. Waln, 78, died Wednesday at 7 P. M. at his home between Buena Vista and New Martinsburg.

A native of Fayette County, Waln had been a farmer all his life.

Surviving are his widow, Mrs. Launa Waln; three sons, Rev. Yvo Waln of Williamsfield; Rev. DuWayne Waln of Moella, Ore.; and Wendell Waln of Hillsboro; three daughters, Mrs. Enola Shonkwiler of Greenfield; Mrs. Mary Knisley of Hillsboro and Mrs. Ida Kuhns of Washington C. H.; 12 grandchildren, three great-grandchildren and three brothers.

Funeral services will be under the direction of the R. B. Walker Funeral Home in Greenfield. No time has been set as yet. Friends may call at the late residence at any time.

## THARP RESTAURANT IS SCENE OF FIRE

Meat Burns Up Filling Place With Smoke

When meat that had been accidentally left cooking in a stove at the Tharp Restaurant, Main and Market Streets, caught fire and the heat forced the oven door open about 12:30 A. M. Thursday, firemen were called and soon had the fire extinguished with little damage resulting except that caused by smoke.

When firemen reached the

building they broke in the rear door and used a small amount of water from a large line of hose.

Flames were pouring from the stove and dense smoke filled the place until the stream of water was turned on, and made short work of the fire.

## FARM CALLED FOUNDATION OF NATIONAL PROSPERITY BY LOUIS BROMFIELD

(Continued From Page One)

Interests of that city planned to aid because they believed prosperity must start with the farm. Bromfield asserted national wealth was measured in natural resources.

Bromfield was blessed with a balance between agriculture and industry and he called for improved farming as a means of cutting the cost of living.

He asserted Ohio farmers took two to three acres to produce

what should be grown on a single acre and said the national average was five acres to one.

"The trouble is that most Ohioans are so satisfied with their state they think nothing is wrong with it and consequently don't do anything to improve conditions," he grinned.

## HERO WELCOME GIVEN GEN. WAINWRIGHT AS HE ARRIVES IN NEW YORK

(Continued From Page One)

ing automobile, accompanied by Mayor La Guardia. Smiling broadly, the general stood up for several minutes and held his hands aloft in greeting.

One hundred motorcycle policemen formed an escort. Approximately 1,500,000 persons—by estimate of Police Commissioner Lewis Valentine—jammed the famed mile-long hero's canyon from the Battery up Broadway to

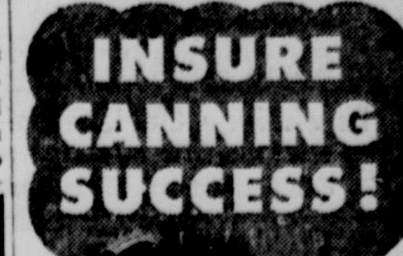

City Hall.

By the time the motorcade reached Wall Street, the air was so filled with ticker tape, torn newspapers and brightly colored streamers that the general's car was virtually obscured from view.

## Mrs. Clare Louise Boren Presented 25 Year Pin At Auxiliary Meeting Here

Former Nurse in World War I Awarded Pin From National Headquarters; 1945-46 Officers Are Elected Last Night

As this year marks the 25th anniversary of the founding of the American Legion, a pin has been made available from national headquarters to any member who has been a consecutive member for this length of time in the Auxiliary. Paul H. Hughey Post 25 Auxiliary was not formed as soon as the American Legion unit but Mrs. Clara Louise Boren, a World War I nurse, and an enthusiastic worker of unit 25, did join the American Legion in Kansas, her former home.

A consecutive member for 25 years, Mrs. Boren received her 25 year pin Wednesday night from Mrs. Nell Paul.

Wednesday night's business session was preceded by the serving of a bountiful covered dish supper at the Legion Home at 6:30 P. M. Served cafeteria style on the second floor, the members found their places at three long tables which were decorated with assorted garden flowers. Mrs. C. S. Kelley was in charge of the dining room.

After the informal supper hour, the meeting was called to order by the president, Mrs. Emerson Chapman. After giving the flag salute, Mrs. Marguerite Powell gave the opening prayer. Mrs. Nell Paul's secretary report and Mrs. Chester Clay's treasurer's report were approved.

Mrs. Chapman first read a letter from Mrs. Lee Moore, of Zanesville, state treasurer, stating Mrs. Chapman has been appointed seventh district rehabilitation chairman.

Mrs. Paul then presented the 25 year pin to Mrs. Boren. In accepting the pin, she expressed her appreciation and admiration for the work and for the friends she has made during her association with the women of this organization.

Miss Essyle Thornton, historian, gave a comprehensive and well-outlined history of 1944-45 activities for unit 25 for the past year.

The meeting was then turned over to the nominating committee: Mrs. Boren, Mrs. Howard Fogle and Mrs. Herbert Wilson. The following were elected to office for 1945-46: Mrs. H. C. Smith, president; Mrs. Chester Clay, treasurer; Mrs. Darrell Weinrich, secretary; Mrs. W. B. Hyer, first vice-president; Mrs. Alan Sells, second vice-president; Mrs. Ray West, Miss Essyle Thornton and Mrs. Morris Baker, executive board.

Mrs. Paul read a letter from Mrs. Ray Elwell, Portsmouth, seventh district president, stating she accepted the invitation extended here to preside at the installation ceremonies on October 9. At that time, the units from New Holland and Jeffersonville will be included in the ceremonies. For the ceremony, Mrs. Marguerite Powell was appointed chairman of the social committee.

## Marjorie Swartz Feted At Birthday Dinner at Raymond Godfrey Home

Mrs. Raymond Godfrey feted her niece, Miss Marjorie Swartz at a small dinner party on Tuesday evening, at which time the birthday of the honoree was observed by her uncle, Mr. God-

Mr. and Mrs. J. Rankin Paul will leave Friday morning for Hagerstown, Md., where Mr. Paul

## 'Music of Famous Women' Cecilian Program Topic At Wednesday Eve Session

"No one can have true culture and broad education without a thorough knowledge of music," said Mrs. E. L. Morgan, Cecilian program chairman of the Wednesday night meeting at the home of Miss Mary Elizabeth Browning, on the Columbus highway, as she gave a paper entitled "Definition of Music." Last night's program topic was "Music of Famous Women."

Before Mrs. Morgan took charge of the program, Mrs. J. Rankin Paul, president, welcomed the fifty members and a few guests who were present. She announced the names of two active members, Mrs. Robert Moyer and Mrs. Jesse Johnson, and one associated member, Mrs. H. H. Denton. Miss Mary E. Browning gave a brief outline of the programs planned for the coming year which are anticipated by the enthusiastic group. Mrs. Paul spoke on the motion picture "Rhapsody in Blue" and urged all to attend this worthwhile contribution to musical circles on the life of George Gershwin.

Mrs. Paul reminded the members of the midwest district conference to be held at the Springfield YWCA on October 23.

She then turned the meeting over to Mrs. Morgan who first gave her paper on the definition of music. She said the countries of France, Italy and Germany are the chief contributors to the world of music.

Mrs. Morgan sang "A Perfect Day," Carrie Jacobs Bond, being

will judge the three and five gaited and the walking horse classes in the annual horse show, September 15-16.

Dr. and Mrs. Phillip Sheets of Woodsfield, and two children are the guests of Mr. and Mrs. C. D. Young.

accompanied by Mrs. Russell Geibelhouse. Before each following performer on the program appeared, Mrs. Morgan gave a few highlights from the life of the author of each musical number.

The program included: Miss Kathleen Davis sang two solos, "Iris," Harriett Ware and "What Is A Song," Pearl Curran, accompanied by Mrs. George Pensyl; piano solos, "Air de Ballet," Chaminade and "Scarlet Dance," Chaminade, by Mrs. Russell Geibelhouse; Miss Jane Landrum sang "If God Left Only You," Densmore, "Rose in the Bud" by Dorothy Foster, and "Big Brown Bear," Mana-zucca. Miss Landrum was accompanied by Mrs. Donald Schwaigert.

A cello solo, "Mazurka," Harriett Beech was next on the program, being played by Mrs. G. B. Vance, accompanied by Mrs. John Case. Mrs. Robert Moyer's contribution was two vocal solos entitled "Thank God For A Garden," Del Riego and "Ho! Mr. Piper," Pearl Curran. She was accompanied by Miss Mary E. Browning. Miss Christine Switzer played two piano solos, "A Landscape" by Mana-zucca and "Viennese Whispers," Louise Wright. Two solos, "My Lover Is A Fisherman" by Lily Strickland and "American Lullaby" by Gladys Rich, were rendered by Miss Ellen Buchanan, accompanied by Mrs. Pensyl. This concluded the program.

A beautifully appointed tea table was presided over by the president, Mrs. Paul. An informal social period of visiting and chatting over the program was enjoyed until late in the evening.

Hostesses were Miss Rosalyn Wilson, Miss Mary Jane Townsley, Miss Margaret Gibson, Miss Jane Landrum, Mrs. O. W. Woodyard and Mrs. Robert Moyer.

## Mothers' Circle Plan Tea for September 17

Mrs. Otis Core, president of the Mothers' Circle, has announced that the first meeting of the year will be a get-acquainted tea on Monday, September 17, at three o'clock, at the country home of Mrs. M. Grove Davis.

Music during the afternoon will be furnished by the music com-

mittee which includes Mrs. George Pensyl, Mrs. Robert Parrett, Mrs. Marian Gage and Mrs. Wayne Woodyard.

**FINDS FRIEND DEAD**  
CHILLICOTHE — Home on leave, Robert Borland, sailor, went to call on his old friend, Herman Marsh, 63, and found him dead in his chair.

A pad or folded dish towel in the bottom of the dishpan and also under the rack will save your dishes.

# SUZANNE WILLIS WITH RED CROSS IN FRENCH CITY

She's Staff Assistant in Nancy, France, at Rest Camp

A Washington C. H. girl is in Nancy, France, arranging for bicycle trips, dances, caring for a complete game room and acting as an information bureau for American servicemen.

She is Miss Suzanne Willis, the daughter of Mr. and Mrs. Willard S. Willis, 231 North Street, who is in Europe to serve the armed forces as an American Red Cross staff assistant.

Miss Willis is one of hundreds of young women needed now by the Red Cross on both its overseas and domestic staffs. She is serving at a rest camp headquarters in the northern French city. Miss Willis had scarcely arrived in Nancy before she met a Washingtonian, Bob West, one of Mrs. Bessie West's six sons in service.

In letters to her parents, Miss Willis has described her activities. She organizes bicycling trips to nearby Luxembourg and other places of interest; she arranges for dances and sees that the musicians are housed and fed while they are there; she has charge of the game room and all of its recreational facilities and, although absolutely unfamiliar with her surroundings, she answers all the questions sightseeing servicemen fire at her.

Miss Willis entered Red Cross work last May. After two weeks' training in Washington, D. C., she served in the nation's capital for a while. She was in New York before she left for European duty on the liner "Queen Elizabeth." She landed in Scotland and travelled through that country and England before crossing the English Channel to France. In Paris she was hospitalized for a time with a severe attack of laryngitis. After that, she boarded a crowded French train for a hectic journey to her base at Nancy.

Before her Red Cross appointment, Miss Willis was program director for recreation of school age children in Ft. Lauderdale, Fla. She is a graduate of Washington High School and business school and Rollins College, Winter Park, Fla. She also attended Denison University.

# News BEHIND THE NEWS

By PAUL MALLON

(Continued From Page One)

federal payroll. In war, anyone could get a job doing anything or nothing here—and did.

Stenographers who did not know how to put paper in a typewriter, drew their salaries and got away with it, through help of associates who did know how to work. Why, maids and domestics left the kitchens in droves to become typists, although they could not write. "Now is the time to come to the aid of the Democratic party." There was plenty to do then. Now there is little to do, yet no one wants to keep all the war employees on the payroll, and share the work by reducing the work week, all at the expense of the working man in this country who pays taxes, to support more people than are needed to run the government.

That is the basic proposition here. Humanitarians, eh? Destroyers would be a more accurate term, as I can clearly prove.

It is plainly evident and conceded by all, this nation would be at its best for all the people if every man was employed in full production of his energy and talents. In this world of financial fictions, only production is real wealth. We saw this so clearly in the war. We won because we marshalled our productivity beyond that of any other nation and fully supplied the victory of every Allied nation. They could not do the job. Their productivity was insufficient to meet the task.

Work, then, is wealth. To the individual his productivity is his only real security. With prices, money, federal debts and all financial factors running toward inflation, the ability of a individual to produce, is the main guarantee of a safe place for him. Economically also, his work generates more work for more people.

He produces an auto, and per-

haps 100 men help get a living from that auto, dealer, salesman, mechanic, shipping clerk railroad agent, gasoline filling station proprietor, etc. If he did not produce that auto, the 100 would suffer. If 1,000 men did not produce autos, 10,000 would fail of their livelihood.

Economically, therefore, work is the stimulus of the nation and production is national wealth and well being.

Now inject into the system, a reduction of the work week. Cut it from 48 to 40, then 30, perhaps 20, 10 or 1, and you cut the heart muscles of your system. Somewhere along the way, your production declines and your nation declines and falls.

Specific experience, we saw of this also, in the war. French politicians got their work week down to 30 hours before the war. This was not sufficient to sustain the country, much less provide the armaments with which to fight a foe, producing the utmost of its deficient manpower energy and using its facilities to the fullest. France was a pushover because she could not make the guns, planes and ships to meet the effort of her adversary, although her available manpower was greater in numbers and she had access to raw materials beyond the dream of the Germans.

If we are now again going to take up the wrong end of the economic telescope and look toward negation of production, non-use of manpower, "spread-the-work" etc., we will not measure up to Russia, which worships the goal of production; indeed, eventually we could not match infantile Japan.

That workweek is best for this nation which produces the best nation, not the most ease and least work. What this nation des-

perately needs in the continuing world crisis is a work-week which is just and sound for the workers and people, and yet will do the job of work and production which must be done. With all the work crying to be done in this country, the place for surplus government employees is to do some of it. They should be put at useful production.

Humanitarian? The declining work-week, with its waste of manpower, serves every basic economic and political cause, and therefore is destructive of the cause of humanity.

# CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 5 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully for millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

When race-drivers risked their lives on their tires, the winners of 599 of 667 auto races chose Riversides! They deliberately bought Wards Tires . . . the same tires that were sold to car-owners everywhere! Why? For the same reason that makes so many people switch to Riversides today: More Miles-of-Safety!

# RIVERSIDES ARE STRONGER!

Yes, Riversides are actually 12% stronger than our pre-war tires! Stronger, because Riverside's cords are stronger to begin with; then, chemically-strengthened to stay stronger longer . . . to provide greater protection against bruises, separation and blow-outs!

Size	Tire	Tube
5.25-5.50-18	11.65	2.65
7.00-15	18.75	3.45
5.25-5.50-17	12.80	2.75
6.25-6.50-16	16.95	3.55
7.00-16	19.20	3.65

Plus Federal Tax. TUBES are Ration-Free

**MORE MILES-OF-SAFETY ON RIVERSIDES!**

**MONTGOMERY WARD**

# SABIN IS DECORATED WITH BRONZE STAR MEDAL

Pfc. Charles E. Tillis, the son of Mr. and Mrs. Walter Tillis of Sabina, has been awarded the bronze star medal for meritorious service against the enemy. The citation accompanying the

medal mentioned his "tireless effort to get the wounded out, sometimes under heavy fire, and his willingness to carry out all assigned missions reflect great credit on him." He also was commended for the manner in which he performed his duties as a litter bearer squad leader during

campaigns in France, Belgium, Luxembourg and Germany.

# PEAK TEMPERATURE WEDNESDAY WAS 84

Wednesday's highest temperature was 84 degrees, or 38 degrees above the low point of 46

degrees recorded early Wednesday morning.

At 8 A. M. Thursday the mercury stood at 61 degrees, with indications that moderate temperature would prevail throughout the day.

## TENANTS HERE GIVEN MAXIMUM OF SIX MONTHS

New Order Increases Time For Tenants to Find New Home

Home buyers in Washington C. H. and several other Ohio cities must give tenants a maximum of six months to get out of newly purchased houses, instead of the 90 days now required, the Columbus District Office of Price Administration has ruled.

The directive, following a pattern set up recently by the national order, applies to Marion, Newark, Cambridge, Washington Court House, Gallipolis and Columbus.

The regulation is aimed partly at preventing needless purchases by renters who "can't afford and don't want" new homes but who are buying them in anticipation of possible eviction, said Edward Wagner, Columbus area rent chief.

The waiting period may be waived or reduced, however, for servicemen's families who need to buy a home immediately, Wagner said.

Eugene Smith, Federal Area Rent Representative of Washington C. H., said Tuesday that so far he was without information about the new order, but had received a number of telephone calls regarding it.

He expects to have full information within the next few days.

## FOREST SHADE JUVENILES PLAN FOR INSPECTION

Inspection of Forrest Shade Juvenile Grange will be held at the Grange Hall October 9, it was announced to the members at their regular meeting. Master Pearl Breakfield was in charge.

Roll call was answered by

naming their first school teacher. During the lecture hour the Grange creed was given by Betty Smith. "Old Family Toothbrush" was the name of a reading by Barbara Kneider. A contest was played.

The song "Onward Worthy Patron" closed the program after the October program of activities was read by Eileen Tway.

## AIR SCOUT GROUP MAY GET TRAINER

Link Outfit May Be Bought From Army Surplus

Purchase of a Link trainer from army surplus equipment was proposed when the new Air Scout squadron 170 met for the first time with its instructor, Miss Jean Barger, in Memorial Hall.

A program of activities which includes a model airplane contest in October, lectures from flying instructors and plenty of hard work was outlined for the 14 boys now enrolled in the squadron. Enrollment still is open for boys 15 years or older, however.

The airplane model contest will feature an inspection of the models by a competent instructor before the models are judged.

## New Holland

Mr. and Mrs. Virgil Bowdie entertained Friday night, honoring their son, Pfc. Elza Clifford Bowdie, who has returned from overseas recently and is now at home on a 30 day furlough. A wiener roast was enjoyed by members of the family which included the following: Mr. and Mrs. Marcus Crago, Cpl. and Mrs. Charles Crago, and daughter, Patty, of Chillicothe, Mr. and Mrs. Richard Beatty, of Greenfield, Mr. and Mrs. J. E. Beatty, Mr. and Mrs. Jack Kerns, Mr. and Mrs. Frank Bowdie, daughters, Helen and Patty, Mr. and Mrs. Kenneth Bowdie, daughters, Phyllis and Ruth, and son, Robert, and Mr. and Mrs. John Severs and family, all of Frankfort, Mr. and Mrs. C. A. Bowdie, Mr. and Mrs. Jack Bowdie and son, Bud, Mr. and Mrs.

Homer Bowdie, daughters, Joan and Janie, sons, Junior and Jimmie, Mrs. Jean Junk and sons, Larry and Jackie, Mr. and Mrs. Howard Martin, daughter, Ginny Flo, sons, Clark and Don, all of Clarksburg, Mr. and Mrs. Harold Smith, and Misses Virginia, Frances, Betty and Barbara Bowdie.

Cpl. Warren Marlin, who has been stationed in Germany, has arrived home after spending the past 15 months overseas. He is

spending his 30 day furlough with his parents, Mr. and Mrs. John Martin, and with other relatives and friends in this community. Mrs. Clifford Hughes, Mrs. Percy May, Mrs. Leslie Tarbill, Mrs. Floyd James, Mrs. Walter Denman, Mrs. A. W. Kirkpatrick and Mr. and Mrs. Merton Tootle were among those who attended the funeral of Mrs. Minnie Burgett at Circleville, Tuesday afternoon. Mrs. Burgett was the mother of Mrs. Harold K. Costlow, of Circleville, a former resident of New Holland.

Rev. V. C. Stump accompanied his daughter, Jane, to Cincinnati, Friday of last week, to re-enter for another year at God's Bible School after spending her vacation here. Miss Norma Jean Hurtt, of Washington C. H., spent the week end with her parents, Mr. and Mrs. John Hurtt and son, Robert. Mr. and Mrs. C. A. Bowdie and Mr. and Mrs. Jack Bowdie were

weekend guests of Mr. and Mrs. Glenn Bowdie, of Kenton. Mr. and Mrs. Harold Smith spent Sunday with Mr. and Mrs. Howard Martin and family. Pvt. Norman Gooley, of Camp Claiborne, La., is spending a furlough visit with his parents, Mr. and Mrs. Joseph Gooley and children and with other relatives and friends here. He arrived home Saturday. Pvt. William Harman has returned to Camp Maxey, Texas,

after spending a 15 day furlough with his wife, Mrs. Bernice Harman and infant daughter, Ethel Mae, at the home of her parents, Mr. and Mrs. Clyde Martindale, and with his parents, of Glenwood, Ky. Mr. and Mrs. Wendell Shaw visited Sunday evening, with Mr. and Mrs. Donald Kempton and daughter, Patricia Ann. Cpl. Edwin Dean returned last week to Camp Atterbury, Ind., for reassignment after a 30 day

recuperation period at the home of his parents, Mr. and Mrs. Ward Dean. Mrs. Marian Orihood, of near Washington C. H., spent the week end with Mr. and Mrs. Harry Orihood and daughter, Mary Pearl, and son, Pvt. Neil Orihood.

## COL. WALLACE DIES

### Breeding Places Not Given Proper Attention

During that time rain barrels, tanks and other containers were not permitted in the city, without being covered, and careful oiling of catchbasins prevented them from breeding in the basins.

# CIVILIAN DEFENSE FIRE EQUIPMENT BOUGHT BY CITY

## WILL PAY \$800 FOR APPARATUS COSTING \$2,300

One of Busiest Sessions In Years Covers Many and Various Problems

In one of the busiest sessions held in recent years, the city council Wednesday night voted to purchase the auxiliary fire equipment of the Civilian Defense organization here, which was provided by the government to guard against fires due to air raids or other causes. Much other business of importance also was transacted.

City Manager W. L. Stambaugh presented the matter to council, after he had received a communication from the Department of Commerce, Division of Civilian Defense, offering the equipment to the city for \$810. Its original value when supplied to the city about three years ago was \$2,300 and as the Civilian Defense officers had turned back \$513 in money to the city, it was figured that the actual cost of the equipment to the city would be around \$300.

The equipment consists of two pumps, 1,200 feet of hose, helmets, ladders, waterproof coats, and other equipment, much of which has seen actual use.

**Judge Sites Report**  
The report of Judge R. H. Sites for August, submitted to council showed a total of \$1,035.25 collected during the month and nearly \$8,350 collected during the year up to September 1.

His report for August showed 47 city cases, 14 traffic cases, three bond cases and one state case.

**Bond Is Renewed**  
The bond of Glenn B. Rodgers, custodian of the Civilian Defense fire equipment, was ordered renewed in the sum of \$5,000, the city to pay the \$5 premium.

**New Appropriations**  
A supplement appropriation ordinance making extensive additions to some of the funds that were running short, was presented by Stambaugh and after some discussion was adopted. Roy Baughn voted against the measure as drawn.

One part of the ordinance provided for "borrowing" from certain funds, and the amount to be paid back later this year.

During the discussion Baughn called attention to greatly increased income during next year from the parking meters, which will be paid for early in the year.

**Buy Parking Meters**  
Stambaugh cited the nine-month use of the parking meters, with nine of the 15 payments made, and said under the contract the city was to purchase or give up the meters at the end of the nine months.

Upon action of council he was authorized to purchase the meters, so that they become the property of the city without further delay.

**Named On Board**  
Frank Snyder and Roy Baughn were re-elected members of the firemen's pension board.

**Lighting Ordinance**  
The annual ordinance providing for levying .9 of a mill for street and alley lighting, was presented

## County Courts

### SUES ON FORGERY

An unusual suit has been filed in Common Pleas Court, growing out of an alleged forgery committed by a minor, in which the plaintiff seeks judgment of \$575 with interest from August 22 on two checks totaling that amount, which he says were forged by the defendant.

Orus Montgomery of this city filed the action against Charles Laufer, who was formerly employed by Montgomery.

Montgomery charges Laufer with forging the name of John Laufer to two checks, August 22, 1945, using a rubber stamp of Montgomery's name to stamp the checks on the back, and cashed the checks at a bank. Laufer is a minor, 19 years of age, it is stated in the petition.

Montgomery asks the court to compel Laufer to pay the \$575 which he was required to pay the bank as result of the forged checks. W. S. Paxson represents the plaintiff.

### DIVORCE ASKED

Charging gross neglect of duty and that his wife broke up her home while he was in the armed service in Europe, Paul Anschutz has filed suit in Common Pleas Court asking for a divorce. Parties were married in Leesburg, July, 20, 1940. John B. Hill represents the plaintiff.

### SALE CONFIRMED

Sale of real estate to Margaret L. Harkless Baldwin, in estate of Ralph W. Harkless, confirmed by Probate Court, and distribution of proceeds ordered.

### WILL PROBATED

Will of Anna M. Davis Rodgers admitted to probate. Maude E. Cummins, niece, is named executrix.

### REAL ESTATE TRANSFERS

Effie Frayzier to James P. Merritt, et. al., lot 69, Henkle addition.

Aaron Baker, et. al., to Virgil Young, 195.86 acres, Green Township.

**Letter Is Tabled**  
Stambaugh read a letter from the safety director of Columbus, stating that state insurance does not apply to firemen who go to other cities to fight fires unless a contract with the other cities is in effect, and offering such contract if this city desired. The communication was tabled.

**Resolution Changed**  
Upon application of the Ohio Water Service Co., a resolution previously adopted, providing for extension of a six inch water main on High Street from Newberry to Elm Street, was changed to read 1,200 feet from Newberry Street. This provides service for all houses on the street, and two additional fire hydrants, it was stated.

**Want More Pay**  
Communications from the police and fire departments, asking for an increase of \$25 per month, were read by Stambaugh, and in each communication it was stated that the increase is needed to meet living conditions, and because numerous other cities, a list of which were given, were paying considerably more than the amount paid here.

After brief discussion it was decided to call in the chiefs of each

## MARCHING BAND TO MAKE BOW FRIDAY NIGHT

Pre-game Pep Rally and Snake Dance Are Set Thursday

A larger WHS marching band will take a bow Friday night at the first football game of the season to begin promptly at 8 P. M. The new cheerleading combination—Helen McCoy, Marilyn Miller, Jean Howard and Peggy Norris—also will make its first appearance under the lights at Gardner Park.

As has been the custom for the past few years, the band will open playing the "Star Spangled Banner" as the lights go out on the field and a spotlighted flag is raised near the field house. Immediately after this ceremony, the 72 member band will high-step down the field and swing into a P.E. honoring the fans from Portsmouth East, the first opponent for the Blue Lions football team this year.

At the half, the big show is slated. William B. Clift, band director, has worked out three formations to be made by the band then. First they will make a big OHIO and play "Down By The Ohio." After that tribute to Portsmouth the band will counter march and go into a steamboat formation with a paddle wheel turning to play "Steamboat Bill." The 72 members of the band plus the seven majorettes and four color guards all will help make the steamboat.

Closing the half-time performance will be the traditional playing of the Alma Mater for Washingtonians. Instead of the big W used for the Alma Mater in previous years the bands will make a WCH. The increased membership makes the more intricate formations possible.

### Snake Dance And Rally

The band will head a march to Gardner Park Thursday at 7:15 P. M. for a snake dance and pep rally on the field, a rally complete with a bonfire.

The band is to march from the starting point on Temple Street to Court Street, down Court to Main and then turn on Main Street to Circle Avenue and into the field.

A short assembly at the high school Thursday morning announced the rally.

for a 10 year contract, although the present contract is still in effect for two years or more, was turned down by unanimous vote, and City Manager Stambaugh was authorized to inform the company that the city does not desire to negotiate a new contract at this time.

**Reject Water Co. Offer**  
A proposal made some weeks ago by the Ohio Water Service Co.

## Fayette County Boys With Armed Forces

Pvt. Edwin Lee Elliott is home on furlough from Ft. Sill, Oklahoma. He is visiting his parents, Mr. and Mrs. Herbert Elliott of Hickory Street.

First Lieut. Frederick Coffman, son of Mr. and Mrs. Fred H. Coffman, 716 North North Street, is now serving with the Training Command of the Army Air Forces at Sheppard Field, Texas.

Pfc. Oliver Smith has cabled his wife that he soon will start for home from the European Theater of War where he has been for 19 months. Mrs. Smith lives at 1145 East Gregg Street.

Cpl. Gerald Rose, the son of Homer Rose, 410 Fifth Street, has been honorably discharged from the army. He served two years and ten months, two years of which were spent in the European Theater of War.

Pvt. Donald M. Heckerson, formerly employed by Cudahy Packing Company, who entered the armed forces August 24, is now stationed at Sheppard Field, Texas, for 31 days basic training in the AAF after which he will be sent to aviation mechanical training school.

Sgt. Joe E. Shaw, the son of Mrs. Marie Shaw of New Holland, has been transferred to Deming, New Mexico. He is at his new base now after spending a 30 day furlough here. He formerly was stationed at Sioux Falls, S. D., and served 21 months overseas with the Eighth Air Force.

Staff-Sgt. Paul Rush docked on the east coast, Wednesday morn-

ing so his parents, Mr. and Mrs. Frank Rush, 214 E. Oakland Avenue, learned Wednesday when they received a telephone call from him.

A veteran of a year and one-half overseas duty, Rush said he would be home by next Tuesday on a 30 day furlough.

Mrs. A. N. Haines of Sabina, has received word her son, Lt. Col. Arthur C. Haines, has arrived in Lin Chow, China, where he is serving with the Tenth Air Force. He left the United States by boat on June 10 and first went to India. From there he flew over the "hump" to China.

Lt. Col. and Mrs. Haines and two daughters, Polly and Sally, had made their home in Orlando, Fla., for the past five years. The family is remaining there during his absence.

The 192nd Chemical Depot Company, which handled 400,000 of the big mortar shells which were fired at the Germans in the European war, is at Camp Boston, France, for redeployment. Camp Boston is one of the Assembly Area Command's 17 redeployment camps in Northeast France.

Members of the company wear four campaign stars for service in northern France, the Ardennes, central and southern Germany. From here with this unit is Sgt. Dale E. Merritt, 1031 East Temple Street.

Mr. and Mrs. Elmer H. Ernst, 212 Broadway Street, have received a letter from their son, Pvt. William A. Ernst, written September 2, from Okinawa Island, stating that he was released from the hospital August 25, where he had been suffering from a wound, and on the following day was in a motorcycle accident, suffered a badly injured knee, and was sent back to the hospital.

Pvt. Ernst has 95 points, having been in the Pacific war theater 28 months, and is expecting to reach home soon. He has been a member of the military police.

Ie Shima was an uneventful stopover for Japanese emissaries who paused on the desolate Pacific island while enroute to Manila for peace conferences with General of the Army MacArthur's staff.

But for K. Duane Denney, 21, yeoman third class, USNR, 220 North Fayette Street, this area near Okinawa recalls a 13 minute victory over five Jap suicide planes that attacked the lone destroyer escort, USS John C. Butler, there last spring.

Such action was not new to the Butler's crew. At Leyte, their ship, after scoring two hits on a Jap cruiser, stood by to rescue 130 survivors from the carrier USS St. Lo, and at Luzon she escorted to safety the damaged escort carrier USS Kitkun Bay.

The plat was drawn by Myron T. Jones, who, with Paul A. Uhlmann, seek to lay out new plans for the city sewage system and disposal plant.

## ANOTHER RABID DOG KILLED BY POLICE

Bull Dog Runs Amuck on Rose Avenue

Still another rabid dog was killed by the police who were summoned to Rose Avenue, near Delaware Street, late Wednesday evening, and shot a large bull dog that was showing every indication of vicious rabies.

The animal was frothing at the mouth and snapping at everything it approached. Ownership of the dog was not fully established, Captain Jess Ellis said.

How many dogs the animal had bitten before it was rounded up and shot, no one knows.

The rabies situation in the city

apparently is growing worse, and no less than four dogs known to have been rabid have been disposed of here the past few days.

The first known white man to visit Quebec was Jacques Cartier, French navigator, in 1535.

## ATHLETES FOOT GERM

KILL IT FOR 35c IN ONE HOUR. If not pleased your 35c back. Ask any druggist for this powerful fungicide, TE-O-L. Its 90% alcohol, makes it PENETRATE. The germ can't be killed, unless reached.
